

Welcome!

We are now launching our special project with Construct Connect! To make the most of this opportunity, follow these simple steps.

1. Click the link on the left hand side of the project you are interested, it will open up DropBox
2. Open the ConstructConnect PROJECT PDF to read a more in depth summary of the project with **contacts, important dates**, and **most importantly TRADES NEEDED**
3. If your trade is listed, open the **SPECIFICATIONS** folder, which will include a **detailed summary** of what is required for your **DIVISION** on this project. I.E. specifics of **how the bid should be completed and submitted**, details of the **materials/methods to be used**, and **coordination instructions**.
4. Open the **PLANS** and find the documents relevant to your work. These plans will detail quantity, size and location of each divisions scope of work. They will also provide additional details and notes from the architect.
5. Make sure to review ALL plan sheets, your scope may appear in multiple divisions in the plans.
6. Using this information, you can complete your **job estimate** and **create your takeoff** to SUBMIT to the General Contractors listed in the project summary.

GOOD LUCK!
